SUMMARY

Experienced Frontend Developer specialized in creating seamless user experiences for SaaS, startup, and e-commerce platforms. Proficient in modern web technologies, frameworks, and microservices architectures. Skilled in optimizing performance and ensuring cross-browser compatibility. Stay updated with the latest trends including web3 and blockchain. Let's connect to enhance user engagement and drive business growth.

EXPERIENCE

Senior Frontend Developer

6/2024 - Present

Zeidex LLC

- Leading frontend development for some Ziedex frontend projects, ensuring high performance and user-centric design.
- Collaborated with cross-functional teams to align features with business goals, enhancing customer engagement.
- Integrated third-party APIs to streamline booking, payments, and customer interactions, boosting platform efficiency.

Senior Software Engineer

5/2023 - 5/2024

ShopTak.dk

- Lead the comprehensive development of responsive and user-centric web interfaces for Shoptak's e-commerce platform.
- Implement and manage integrations with payment gateways and billing software solutions.
- Develop and maintain high-quality, reusable, and scalable front-end code utilizing ReactJS, React Query, Tailwind CSS, Redux, Chakra UI, and Next.js.
- Establish robust server-side logic for Shoptak's e-commerce operations, leveraging Node.js and MongoDB for efficient data management and retrieval.
- Design and implement RESTful API endpoints to facilitate seamless communication between frontend and backend systems.

Frontend Engineer

08/2022 - 10/2022

Dexi

- Spearheading the development of dental practice management software, utilizing JavaScript, TypeScript, React.js, and Redux for robust applications.
- Collaborating closely with dental professionals to understand workflow needs and translate them into intuitive software features.
- Rigorously testing and debugging front-end code to ensure seamless operation and enhance user experience.
- Integrating third-party APIs to expand system functionality and streamline workflow processes.
- Providing ongoing technical support to dental staff, ensuring smooth operation and addressing any software-related issues promptly.

Frontend Developer

07/2019 - 07/2022

Diamond ART DK

- Develop and maintain a visually appealing Shopify store by leveraging HTML, CSS, JavaScript, and Shopify Liquid for theme customization and frontend enhancements.
- Utilize Node.js for backend development and integration tasks, ensuring seamless communication between the Shopify store and third-party applications via Shopify APIs.
- Collaborate with cross-functional teams to analyze user data and market trends, optimizing the store's design and content to drive conversion rates and user engagement.
- Monitor key performance metrics such as traffic, sales, and customer behavior, utilizing analytics tools to identify opportunities for optimization and growth, and continuously iterating on the store's features and functionality.

EDUCATION

Tourism and Travel Services Management Luxor University - Bachelor's degree	2024
Computer Science Open Source Society University - Bachelor's degree	2023

CERTIFICATES

- JavaScript Algorithms and Data Structures Masterclass ↗

AWS	Intermediate	Communication	Expert

TOP PROJECTS

- Shoptak Platform - Shoptak.dk

2023 - Present

Shoptak Platform Store revolutionizes e-commerce by enabling lightning-fast store creation.
Leveraging Next.js and Node.js, it ensures top-notch performance.
As a Senior Frontend Developer, my role is pivotal in crafting a seamless user experience using ReactJS, Redux, and Tailwind CSS.
Shoptak Platform Store offers an integrated solution for quick and easy e-commerce entry.
- MeetDexi - Dexi Inc

2022

MeetDexi modernizes dental management with ReactJS and Node.js for superior performance.
Seamless DevOps integration guarantees stability. As a Senior Frontend Developer,
I ensure an intuitive user experience with ReactJS, Redux, and Tailwind CSS.
